Team of Denmark World Champion Archers visit Ogdan Valley

In the featured photo we see the members from the archery team from Denmark while guests at the home of Stig and Susan Hansen. Their nephew, Stephan Hansen, is a top archer from Denmark and a member of the visiting team.

Over 430 of the world's finest youth archers and 200 coaches from over fifty countries were represented at the recent World Archery Youth Championships which were held in Ogdan, Utah, July 12th - 19th. Events took place at Weber State University and Lindquist Field.

While guests with the Hansen's they enjoyed delicious meals prepared by Chef Stig of Cooking Danish.com, hiking and touring the beautiful Ogdan Valley, and experienced the beautiful Snow Basin Ski Resort with a gondola ride and hike to the top. It was a great visit for the Danes and a successful competition as well. The Danish Junior Division took a bronze medal in the final event.
